Eight minutes of building time Face of against 9+ opponents in realtime PvP battle One common topic/object to build chosen randomly from dozens of themes 15 seconds to rate each of other players creations Best builders get reward to unlock new blocks in chests So standard rules, eh? Our build wars is serious 3D building game with live multiplayer that even lets you unlock new block to improve your building capabilities.. You and up to 14 opponents will build randomly selected object and after 8 minutes of struggle the winner will be decided by completely subjective voting among contenders.. 0+ Network: Broadband Internet connection Storage: 150 MB available space English, French, Italian, German, Hungarian, Polish, Russian, Czech This game is fun, and inexpensive! Only 2 things I wish were different, to be able to rotate blocks and being able to change your controls.
