Jun 21, 2011 I am looking for a save editor for pc version of Payday 2. There was one in the pc version of the game, but a save editor doesn't work anymore since version 1.81. May 24, 2018 It is a good strategy to save mods with the save editor before entering the game, like in old version, before the release of the "Lower Shadow" mod. Edit save. Oct 9, 2014 I have played every version of payday 2. all of them had a save editor! Sep 22, 2011 Save editor for PAYDAY 2. May 8, 2017 a "save editor" i've seen work perfectly fine for this game, but im not sure if it works on pc or not. it's a pretty simple thing, press F4 when the game is loading up. Jan 18, 2013 I play on xbox 360, and I have successfully used a save editor to load my saves from my PC version to my Xbox. May 25, 2010 This seems like the best one: Dec 12, 2017 The games official website includes a useful mod manager. A: I think it's the official website of PayDay 2 or perhaps the mod description for Lower Shadows: The unofficial mods are out and in here we've got some of the must-haves that will make your experience much, much better. Lower Shadows, the ultimate mod that takes Payday 2 to a whole new level of badass. Lower Shadow takes your world from vibrant, colorful and alive, to dark, dirty, blood soaked and packed with weapons and ammo. Weeks of adjustment gave this mod new level of realism, giving the game a darker, darker feel, the world is raw, painful and full of tension that gives the game a whole new edge to it. You can just imagine a dark night with Payday 2, where thunder sounds like a giant gun and the cracks of it gives you a chill down your spine. Lower Shadows also brings new mechanics and affects to the game, like the new blindfiring mechanic. VATS, freeze em, and more
